

MARCH 2024

RCHEA MEMBERS

It is with heavy heart, that we would like to take a moment to say RIP Lisa Denny, RN. She was a pioneer of RCHEA.

Lisa was a mentor, a patient advocate, a negotiator and job steward/union rep as well as Vice President on the RCHEA BOD. For associates in need, she always extended a helping hand, but most of all she was a friend. She will always be remembered for her wit and knowledge in every aspect of Adventist Health.

Lisa will live in everyone she has touched, one way or another.

RIP Dear Lisa, you will never be forgotten.
