It is already time to start working on your “wish list” for negotiations.

Please send us your 3 suggestions for changes, updates and any additions you would like to have us negotiate this year. Please be specific and if applicable, indicate what article of the MOU you are looking to change.

We would like your input to us by March 1st and you can send to Anna Marcelino in Surgery via email or courier or to Librada Cardenas in OP-PT via courier.
